FLASHLIGHTS

Fenix flashlights are specifically designed for all kinds of harsh environments. All flashlight products fully embody toughness, reliability, and user-friendliness. Fenix makes a flashlight that can fit any need, whether it is tactical law enforcement, industrial operations, searching and rescuing or outdoor hiking. Excellent ability to withstand harsh conditions, easy to use, and comfortable grip, all of which make Fenix flashlights stand out from our competitors.

ONE CHARGING FOR 100KM RUNNING

As more and more running lovers participate in trail running races, the requirements for headlamps are becoming more and more stringent. The Fenix HM65 series is highly praised by trail runners due to its high performance and long runtime. The slogan "One charging for 100km running " is therefore widely spread.

In the meantime, Fenix has listened to the opinions of the users and then we have the upgraded version HM65R-T V2.0. On the basis of brightness improvement and battery life, the headlamp is more comfortable to wear with the top headband removed. Especially the new two-way SPORT Headband Fit System. It couldn't be more perfect to adjust the headband with a single hand while running.

HM71R

High-performance Rechargeable Industrial Headlamp

| 2700LM | 230M | 400H | IP68 | 1X21700 |

HOT

- Max 2700 lumens output.
- Spotlight and floodlight combined.
- Max 400 hours runtime.
- Multiple wearing ways for different applications.

Size: 4.17" × 1.81" × 1.77" / 106 × 46 × 45 mm.
Weight: 7.32 oz / 207.5 g (including battery and headband).
Product ID: HM71R.11111

HM75R

Magnesium Separation Style Industrial Headlamp

| 1600LM | 223M | 234H | IP68 | 1X21700+1X18650 |

- Made of high-quality magnesium alloy material.
- Rotary switch and electronic switch control the spotlight, floodlight, and red light.
- Included detachable 5000mAh power extender vastly extends runtime, and its USB Type-C port supports 18 W fast charging and discharging.
- Two lockable ends of the included charging cable prevent loose cable situations.
- USB Type-C ports with inner waterproofing treatment.

Size: 3.59" × 1.61" × 2.11" / 91.1 × 41 × 53.5 mm.
Weight: 11.32 oz / 321 g
(including battery,battery case and headband).

Separation Style Trail Running Headlamp

| 1200LM | 150M | 300H | IP66 | 1X18650 |

- Separation style design balanced overall weight for more stable and comfortable wearing experiences.
- Spotlight, spot-and-floodlight, and red light.
- Separately controlled dual switch.
- Battery case features red light and red flash for enhanced user safety.
- Washable and detachable headband.
- Emergency whistle.

Size: 1.91" x 1.26" x 0.98"/48.5 x 32 x 25 mm.
Weight: 6.35 oz/180 g (including battery).
Product ID: HP12R-T.11111

HP16R

High-performance Rechargeable Outdoor Headlamp

| 1250LM | 255M | 300H | IP66 | 1X3000mAh /4XAA |

- Max 1250 lumens output.
- Two power sources for free choice.
- USB Type-C charging port fast charging.
- Separately controlled dual switch; lockout function avoids accidental activation.
- Made of quality plastics and aluminum, integrated die-casting for better heat dissipation and safety performance.
- White, neutral white and red lights combined.

Size: 2.44" x 1.85" x 1.26" / 62 x 47 x 32 mm.
Weight: 7.62 oz / 216 g (including battery and headband).
Product ID: HP16R.12111

HP25R V2.0

Rechargeable Work Headlamp With Ultra-long Runtime

| 1600LM | 290M | 400H | IP66 | 1X21700/ 1X18650 |

- Max 1600 lumens output.
- Spotlight, floodlight, and red light combined.
- High-reliability aluminum offers excellent heat dissipation.
- USB Type-C charging.
- Powered by a 21700 battery and compatible with a 18650 battery.
- Lockout function avoids accidental activation.

Size: 2.36" x 1.85" x 1.30" / 60 x 47 x 33 mm.
Weight: 8.40 oz / 238 g (including battery and headband).

ACCESSORIES

Fenix has been striving and succeeding in developing creative and practical accessories to enhance and dramatically improve the performance of our lighting products. Currently, Fenix offers users accessories including diffuser tips, filter adapters, traffic wands, remote switches, etc. to satisfy consumers' requirements.

BATTERIES

Rechargeable Batteries

A protective circuit is built into the anode and covered with a riveted steel hat. The battery is fully covered with the steel shell, thus eliminating the potential risk of short-circuiting caused by collision or impact.

- Triple overheat design, safe and reliable.
- Built-in overcharge and overdischarge protection circuit to ensure battery life.
- The circuit board is fully protected, with high reliability and impact resistance.

ALF-18 Battery Holder

The Fenix 18650 Li-ion battery can be used as a 21700 Li-ion battery when combined with this battery holder.

- PC + ABS materials - reliable and durable.
- Copper-plated positive contact - excellent performance in conductivity.
- Size: 2.41" x 0.85"/61.2 x 21.5 mm.
- Weight: 0.22 oz/6.1 g.

ARE-A2 Dual Channel Charger

The Fenix ARE-A2 is a dual-channel charger, which is compatible with different types of Li-ion and Ni-MH/Ni-Cd batteries. High-definition LCD screen displays charging status and battery level clearly. In addition, a car charging mode offers high convenience for users.

- LCD display screen for charging and battery level.
- Compatible with different types of Li-ion and Ni-MH/Ni-Cd batteries.
- AC and DC charging modes.
- Rated output power: 3W (Ni-MH/Ni-Cd), 8.4W (Li-ion).
- To charge the battery: 4.2V/1.0A (Li-ion), 1.5V/1.0A (Ni-MH/Ni-Cd).
- Built-in short-circuit protection, over-current protection, over-voltage protection and reverse polarity protection.

ARE-A4 Multifunctional Charger

The Fenix ARE-A4 is a four-channel smart charger, which is compatible with different types of Li-ion and Ni-MH/Ni-Cd batteries. High-definition LCD screen displays charging status and battery level clearly. In addition, a car charging mode offers high convenience for users.

- LCD display screen for charging and battery level.
- Compatible with different types of Li-ion and Ni-MH/Ni-Cd batteries.
- AC and DC charging modes.
- Rated output power: 6W (Ni-MH/Ni-Cd), 16.8W (Li-ion).
- To charge the battery: 4.2V/1.0A (Li-ion), 1.5V/1.0A (Ni-MH/Ni-Cd).
- Built-in short circuit protection, over-current protection, over-voltage protection and reverse polarity protection.

ARE-D1 Single Channel Multifunctional Charger

The Fenix ARE-D1 is a single channel smart charger that features charging and discharging functions. It is compatible with types of Li-ion and Ni-MH/Ni-Cd batteries. High definition LCD screen displays the charging, discharging, and battery status clearly.

- Micro USB charging, and USB discharging.
- LCD screen for battery level, charging, and discharging status.
- 0.5/1.0/2.0A - three charging current for option.
- Rated output power: 3W (Ni-MH/Ni-Cd), 8.4W(Li-ion).
- Short circuit protection, over-current protection, over-voltage protection, and reverse-polarity protection.

ARE-D2 Dual Channel Multifunctional Charger

The Fenix ARE-D2 is a dual channel smart charger that features charging and discharging functions. It is compatible with types of Li-ion and Ni-MH/Ni-Cd batteries. High definition LCD screen displays the charging, discharging, and battery status clearly.

- Micro USB charging, and USB discharging.
- LCD screen for battery level, charging, and discharging status.
- 0.5/1.0/2.0A - three charging current for option.
- Rated output power: 3W (Ni-MH/Ni-Cd), 8.4W (Li-ion).
- Short circuit protection, over-current protection, over-voltage protection and reverse-polarity protection.

ARE-X1 V2.0 Single Channel Smart Charger

The Fenix ARE-X1 V2.0 is a single channel smart charger that features USB Type-C charging and USB discharging function, designed for 18650, 21700 and 26650 batteries, and provides charging, discharging, and battery power detection.

- Compatible with one 18650, one 21700 or one 26650 rechargeable Li-ion battery.
- Supports USB Type-C charging and USB discharging.
- LED charging/discharging indicator; LED battery power detection.
- Short circuit, over-current, over-voltage and reverse polarity protection.
- Microcomputer chip controlled, digitally regulated charging to extend battery life.

DIFFUSER TIP/FILTER ADAPTER/TRAFFIC WAND

AOD-S V2.0/AOD-M Diffuser Tip

Diffuser tips can soften the light and work as a camping light, signal light, reading light, tent light, etc.

- Imported novel optical material guarantees quality.
- Durable, impact-resistant, and fireproof to V2 Standard.
- Easy operation.

NEW

AOD-04 Diffuser Tip

This AOD-04 diffuser tip can soften the light and work as a camping light and signal light,etc.

- Compatible Fenix light head: 40 mm.
- Soft silicone material, flexible, comfortable and easy to carry.
- Easy and firm assembly.
- Capable of tail standing.

AOF-S+V2.0/AOF-L Filter Adapter

This is a Fenix flashlight accessory with outstanding filtering ability to maintain strong red/blue/green light which can be used when signaling.

- Uses a toughened ultra-clear glass lens with an anti-reflective coating that provides heat resistance and maximum light penetrability.
- Germany's Bayer PC 2805 material, aging and impact resistant.
- Anti-roll design, easy to assemble and disassemble.

AOT-S+/AOT-M/AOT-01 Traffic Wand

Fenix traffic wand can convert your flashlight into a glowing red high-visibility wand. It's the best option for emergency situations and traffic control.

- German Bayer PC 2805 material.
- High compressive strength, impact resistance.
- High-temperature resistance and benign thermal stability.
- Easy to assemble and disassemble.

AOT-03/AOT-04 Traffic Wand

Fenix traffic wand can convert your flashlight into a glowing high-visibility wand. With red and white two color options, this traffic wand is an ideal option for flashlight lighting and traffic control.

- High-quality soft silicone material, reliable and flexible.
- Included lanyard hole for easy carry.
- Open bottom design for realizing flashlight illumination and traffic control.
- Compatible with a wide range of flashlight of various sizes.

TACTICAL ACCESSORIES

AER-02 V2.0 Remote Pressure Switch

The Fenix AER-02 V2.0 remote pressure switch is specialized in tactical flashlights. The dual tail switches allow easy and fast operation of momentary-on or constant-on illumination (function may vary with flashlights).

- Tactical tail switch (round) for instant or constant activation.
- Noiseless (no click) pressure pad switch (30 mm long), which is more accurate in instant lighting, with a lifespan of 100,000 activations; capable of transmitting a current of 3A for a long period of time.
- User-friendly Velcro design for fast and convenient operation, included one hook and two loops.
- Cable is made from resilient PU material, with a length of 23 cm.
- Tail adapter is made from T6-grade aluminum, type III hard-anodized and an anti-abrasive finish.
- Tail adapter size: 25.4 mm Diameter x 31.5 mm Length.
- IP68-rated protection: 2 meters underwater.
- Applicable to Fenix 18650-powered flashlights with a single tail switch.

AER-03 V2.0 Remote Pressure Switch

The Fenix AER-03 V2.0 remote pressure switch is specialized in tactical flashlights. The dual tail switches allow easy and fast operation of momentary-on or constant-on illumination and output selection (function may vary with flashlights).

- Tactical tail switch (round) for instant or constant activation.
- Noiseless (no click) pressure pad switch (30 mm long), which is more accurate in instant lighting, with a lifespan of 100,000 activations; capable of transmitting a current of 3A for a long period of time.
- User-friendly Velcro design for fast and convenient operation, included one hook and two loops.
- Cable is made from resilient PU material, with a length of 23 cm.
- Tail adapter is made from T6-grade aluminum, type III hard-anodized and an anti-abrasive finish.
- Tail adapter size: 26.5 mm Diameter x 32 mm Length.
- IP68-rated protection: 2 meters underwater.
- Applicable to Fenix 18650-powered flashlights with dual tail switch.

AER-04 Remote Pressure Switch

The new Fenix AER-04 remote pressure switch is specialized in tactical flashlights using 21700 battery. Its tail adapter is made of A6061-T6 aluminum with type III hard-anodized and anti-abrasive finish. The dual tail switch panel includes a full-silent forward switch and a tape switch; allowing easy and fast operation of momentary-on or constant-on illumination. The innovative full-silent design with attached Velcro makes it very reliable and practical in your tactical missions or hunting.

- Tail adapter diameter: 1.14"/29 mm.
- Applicable thread: Tr25.5 x 0.06"/1.5 mm.
- Cable length: 9.06"/230 mm.
- Full length: 13.39"/340 mm.
- Weight: 1.48 oz/42 g.

AER-05 Remote Pressure Switch

The Fenix AER-05 remote pressure switch is specialized in tactical flashlights with APF circuits. The dual tail switch panel includes a silent pressure pad switch and a round tactical switch; allowing easy and fast operation of momentary-on or constant-on illumination. The innovative full-silent design with attached Velcro makes it very reliable and practical in your tactical missions or hunting.

- Tail adapter diameter: 1.14"/29 mm.
- Applicable thread: Tr25.5 x 0.06"/1.5 mm.
- Cable length: 9.06"/230 mm.
- Full length: 13.39"/340 mm.
- Weight: 1.48 oz/42 g.

ALG-00 Rail Mount

The Fenix ALG-00 features the quick detachable Picatinny rail design which suits tactical firearms with fish oil Picatinny rails. The compatible flashlight diameter ranges from 22.5 to 26 mm, and a wrench is needed when clipping flashlights. Full-metal housing made of durable aircraft-grade aluminum, and premium type III hard-anodized anti-abrasive finish in all-black treatment without light reflection.

ALG-05 Remote Pressure Switch Mount

The Fenix ALG-05 remote pressure switch mount is specially designed for Fenix AER series tactical remote pressure switches. It perfectly fits the Picatinny rail by a simple push; featuring convenient assembly and disassembly, the mounting position can be flexibly adjusted. Designed specifically for tactical lighting, the remote pressure switch is within easy reach, so the flashlight can be momentarily switched on with a press of the button. The whole body of the mount is made of aluminum alloy with hard-anodized finish, and it is not reflective in matte black, which meets the needs of tactical concealment.

ALG-06 Remote Pressure Switch Mount

The Fenix ALG-06 tactical remote pressure switch mount can adapt the AER-02 V2.0/03 V2.0/04/05 remote pressure switch to the M-LOK rail, which is lightweight, and reliable.

- Lock fixation ensures no displacement.
- All-metal housing.
- Size: 2.72" x 0.93" x 0.40"/69 x 23.7 x 10.2 mm.
- Weight: 0.87 oz/24.7 g.

ALG-15 Rail Mount

The Fenix ALG-15 rail mount can fit a flashlight with a head diameter of less than 40 mm and a body diameter of 22.5 - 26 mm on the Picatinny rail (MIL-STD-1913), making quick disassembly and assembly possible by means of a screw nut.

- Fits multiple flashlights with different body diameters.
- Quick-release mounting.
- Compact and lightweight.
- Durable and wear-resistant material.
- Size: 2.95" x 1.22" x 1.18" / 75 x 31 x 30 mm.
- Weight: 1.36 oz / 38.6 g.

ALG-16 M-LOK Quick-release Rail Mount

The Fenix ALG-16 M-LOK quick-release rail mount can fit the flashlight with a head diameter of less than 40 mm and a body diameter of 22.5 - 26 mm on the M-LOK rail, making quick disassembly and assembly possible by hand.

- Fits multiple flashlights with different body diameters.
- Quick-release mounting.
- Compact and lightweight.
- Durable and wear-resistant material.
- Size: 2.04" x 1.66" x 1.19"/51.7 x 42.1 x 30.1 mm.
- Weight: 1.88 oz/53.3 g.

ALG-18 Rail Mount

The Fenix ALG-18 rail mount is a functional accessory that helps to perform tactical/hunting applications; which suits weapon barrels ranging from 18 - 23 mm. The compatible flashlight body diameter ranges from 23.5 - 28 mm with a light head diameter of less than 70 mm. Made of durable and high-strength aluminum, the easy operation effectively assists in tactical/hunting scenarios.

- Allows for quick assembly and disassembly of the gun barrels.
- Tool-free assembly and disassembly.
- Fits a variety of barrel dimensions.
- Size: 2.99" x 1.81" x 1.37"/76 x 46 x 35 mm
- Weight: 3.10 oz/88 g

ALP-10S/10L Flashlight Holster

The Fenix ALP-10S/10L is a holster that is specifically designed for packing and protecting flashlights. The use of anti-tear nylon material features excellent abrasion resistance. Three layers of different materials are used, with one-time hot pressing, which is stylish and durable; the back webbing is designed with a combination of Velcro and nickel-plated metal button, ensuring strong stability and quick-release ability. The holster can be perfectly matched with the belt, backpack, and more. In this way, the flashlight is fully protected in a variety of scenarios such as law enforcement, outdoor lighting, searching and rescuing, etc.

- The use of anti-tear nylon material features excellent abrasion resistance.
- Strong stability and quick-release ability.
- Stylish and durable.

T6 Automatic Retracting Tactical Pen

The Fenix T6 is a multifunctional self-defense tactical pen that is capable of illuminating, window-breaking and writing. Its maximum brightness reaches 80 lumens, and it supports Type-C charging. This tough pen features a zirconium bead that can break glass and assist in escape from danger. Inside every pen is an imported Schmidt pen cartridge for smooth, effortless writing. As you can expect, this rugged, high-performance writing tool is tough enough to provide you with a tactical advantage in emergency situations.

- Removable Schmidt 6.8CM metal pen refill for self-defense.
- Automatic retracting ink tip for smooth writing.
- Made of A6061-T6 aluminum.
- Premium type HAIII hard-anodized anti-abrasive finish.

ALR-01 Tactical Flashlight Ring

The Fenix ALR-01 tactical flashlight ring is designed for the multiple series of Fenix tactical flashlights that feature a body clip. The ring is easy to disassemble and assemble. It is made of high-strength nylon. The lightweight design and great portability provide users with a convenient and flexible flashlight operating experience to meet various holding needs.

Applicable products:
- TK series: TK16 V2.0/TK20R V2.0/TK20R UE/TK22 TAC/TK30
- PD series: PD36R PRO/PD36 TAC
- HT series: HT18/HT30R

ALP-20 Open-top Leather Holster

The Fenix ALP-20 is a quick-pull leather case for duty flashlight. The whole is made of full-grain cowhide. The flashlight will not loosen after being inserted; it is a close-fitting concealed flashlight cover that is very suitable for casual clothes. Wear firmly, the flashlight will not shake even when running and under strenuous exercise. Body and thigh squeeze of the holster will not trigger the switch, and it is excellent to prevent accidental touch.

Applicable products:
- TK series: TK16 V2.0/TK20R V2.0/TK22R/TK30, etc.
- PD series: PD36R V2.0/PD40R V3.0, etc.

HEADBAND/FANNY PACK/STORAGE BAG

AFB-10 Sports Fanny Pack

The Fenix AFB-10 is a waterproof sports fanny pack with a large storage capacity. It features an adjustable waist strap and cross-shaped headphone hole, making running more enjoyable. In addition, a reflective logo ensures safer night running.

- Folded and tensile design, the storage capacity of the pack can be extended.
- The inside is a TPU waterproof layer, plus a waterproof zipper, all of which makes the pack resistant to water and sweat.
- Hidden hole for headphone usage.
- High-elastic adjustable belt for a closed and personal fit.
- Reflective Fenix logo.
- 4 colors for options: black, gray, blue, orange.

AFH-02/AFH-03 Sports Headband

- Made of elastic and air-permeable nylon.
- Sweat-channeling silicone lines.
- Safe reflective logo and lines.
- Hollow design - breathable and comfortable.

AFH-05 Widened Perforated Quick-adjust Headband

- Made of elastic and durable nylon.
- Single-handed operation with the new two-way SPORT Headband Fit System.
- 36 mm widened design - stable and reliable.
- Safe reflective logo and lines.
- Applicable headlamps: HL16, HL18R-T, HL32R-T, HM65R-T V2.0

AFH-10 Sports Headband

The Fenix AFH-10 is a high-elastic quick-drying sports headband, made of air-permeable nylon fabric. The sweat-channeling silicone lines, reflective logo and lines make night activities safer.

- 70% nylon, 30% spandex - high-elastic and air-permeable.
- Sweat-channeling silicone lines.
- Safe reflective logo and lines.
- 4 colors for options: black, gray, blue, orange.

APB-20/APB-30 Headlamp Storage Bag

- Made of high-strength nylon cloth - lightweight and wear-resistant properties.
- Increased and large storage space, inner mesh cloth bag - enough for headlamp and battery storage.
- 50mm long lanyard.
- High-strength zipper.
- Applicable headlamps: HL10, HL12R, HL15, HL16, HL18R, HL23, HL26R, HM61R, HM65R, etc.
- 1000 times cycle use; 1-year free repair, lifetime limited warranty.

MOUNT/HOOK/LANYARD/EMERGENCY WHISTLE

ALB-10 Quick-release Bicycle Mount

Utilizing a unique split-type design for quick release of flashlights, the Fenix ALB-10 bicycle mount can effectively reduce the amount of steps and the time needed for mounting. Featuring Fenix's solidity and compatibility with a wide range of flashlights, this mount will ensure your safety during your night riding.

- Split-type design for quick release.
- Fits flashlights with a diameter of 18 mm - 26 mm.
- Rotating 30-degree design adjusts to any locking angle.
- A high-quality rubber mat provides shock-resistant and slip-resistant grip without scratching the handlebar.
- Anti-aging, solid and able to withstand extended exposure to sunlight and rain.

ALB-20 Multipurpose Snap Hook

- Quick-release, stable wearing.
- Bottle opener.
- Straight screwdriver.
- Non-magnetizable.
- Size: 2.12" x 1.13" x 0.14"/53.8 x 28.6 x 3.5 mm.
- Weight: 0.32 oz/9 g.
- Material: Titanium alloy TC4.

ALD-02 Helmet Attachment Hook Set

- Made of environmentally friendly PC material.
- Keep the headband firm on the helmet.
- Suitable for helmets of thickness less than 6 mm.
- Not for fully protective outdoor sports headlamps and headlamps with foam lining.

ALD-05 Flashlight Helmet Holder

- Anti-static rubber fixing strap, compatible with all types of helmets.
- Adjustable clamping caliber - suitable for flashlights with an outer body diameter of 20 - 28 mm.
- 360° adjustable angle.

ALD-08 Bicycle Light Helmet Holder

Applicable to all Fenix BC series products excluding Fenix BC21R, BT30R, BTR20 and BT20.

- The fitted cable ties are applicable to a variety of bicycle helmets.
- Push and pull for one-second assembly and disassembly.
- Nylon and fiberglass - high toughness, strength and durability.
- Weight: 0.39 oz/11 g.
- Size: 2.87" x 2.20" x 0.55"/73 x 56 x 14 mm.

ALD-10 Bicycle Light Holder with GoPro Interface

The holder is lightweight, and the bicycle light can be easily fixed with a single push. It is applicable to all Fenix bicycle lights.

- International GoPro interface.
- Easy assembly.
- Compact and lightweight.

ALG-03 V2.0 Headlamp Attachment

ALG-03 V2.0 headlamp attachment is specifically designed for headlamp fixation to outdoor or industrial work helmets. It enables fast and convenient attachment and detachment of headlamps to and from the helmet and allows adjustment of the lighting angle of the headlamps.

- Made of quality nylon - durable and eco-friendly.
- Included TESA adhesive tapes.

ALG-04 Helmet Clip

The Fenix ALG-04 headlamp clip is specifically designed for headlamp fixation to professional helmets with shroud. It enables easy and convenient attachment and detachment of the headlamp to and from the helmet with the slots design. Made of high-quality nylon material, it is durable and environmentally-friendly.

- Quick assembly.
- Applicable products: HL55, HL60R, HM60R, HM61R, HM65R, HM70R, HP30R V2.0.

ALL-01 Soft Flashlight Lanyard

ALL-01 is a flashlight lanyard made of nylon and silicone sleeves. The length of the nylon cord and the silicone sleeves can be adjusted as needed. This flashlight lanyard is very comfortable to the hands and features non-slip as well.

- Applicable products: SD11, SD20, TK47UE, TK47, TK72R, TK75, RC40.
- Size: 0.35" Tube diameter x 9.25" Length (9 x 235 mm).
- Weight: 0.42 oz/12 g.

ALW-01 Wrist Flashlight Holder

The Fenix ALW-01 wrist flashlight holder is a wearable helper that is designed to hold a small flashlight with a body clip on your arm or your wrist. Constructed from durable PC material, the 360 ° adjustable flashlight holder is flexible for perfect hands-free illumination. The wrist strap is made of durable Nylon yarn, which is wear-resistant and comfortable to wear, and the adjustable range of the wrist strap is 140 - 200 mm. This wrist flashlight holder can be freely worn on the left or right hand.

- Body size: 2.09" x 1.77" x 0.83"/53 x 45 x 21.2 mm(Length x Width x Thickness).
- Wrist strap size: 9.06 x 1.57"/230 (±5) x 40 (±1) mm (Length x Width).
- Adjustable range of the wrist strap: 140 - 200 mm.
- Body weight: 0.56 oz/16 g, wrist weight: 0.32 oz/9 g; 0.88 oz/25 g in total.

NW20 Emergency Whistle

Fenix turns a world of emergency preparedness experience with reliable lighting products into these high-output whistles. Whether injury, disaster or personal threats are present, the easy-blowing design takes 30% less effort to reach up to 120 decibels peak out. Pealess construction from food-grade stainless steel provides decades of confidence even in harsh outdoor environments.

- Size: 1.77" x 0.59" x 0.31"/45 x 15 x 7.9 mm
- Weight: 0.71 oz/20 g
- Material: 304/304L stainless steel

CL20 - ISPO Award Winner

2014
PD12 - ISPO Award Winner

2012
National High - Tech Enterprise

2010
TK45 - Design Award in the first Asia Outdoor Industry Award
LD20 - "Best LED Flashlight"

2008
L2D Q5 - Silver Award in National Outdoor Equipment Comprehensive Category Award

LIGHTING FOR EXTREMES

Upholding the spirit of challenging limits and striving for excenllence, Fenix offers reliable, professional, and innovative products and services to support users to accomplish their dreams in extreme environments.

CUSTOMER SERVICE

Fenix Product Warranty Terms

15 Days Free Replacement

15 days free replacement: Fenix will replace a new product within 15 days of purchase for any manufacturing defects if problems come into being in normal use; We will replace it with the same model. If the model has been discontinued, customers will receive a product with a similar or improved model.

5 Years Free Repair

5 years free repair: Fenix will offer free repair within 5 years for lights from the date of purchase if a problem develops with normal use. Different warranty periods for different products:

Product Type	Warranty
Flashlights, tactical lights, headlamps, bicycle lights, camping lanterns (included rechargeable lights but not built-in battery)	5 years battery for 1 year
Flashlights, tactical lights, headlamps, bicycle lights, camping lanterns (with built-in battery)	2 years (battery included)
Rechargeable batteries, chargers, bike mount, and remote pressure switch	1 year

Limited Lifetime Warranty

Limited lifetime warranty: For lights past the free repair warranty period, we provide lifetime repairs but will charge for parts. The distributor will notify the customer of the cost of the part before repair.

Extended Warranty Service

An extra 6-month warranty period is obtained once you have successfully registered on the official website for Fenixlight Limited (www.fenixlight.com), which only applies to flashlights, tactical lights, headlamps, bike lights and camping lanterns.

Warranty Certificate

Customers requesting after-sales service from Fenix distributors or dealers, should present their completed Fenix Warranty Card, purchase invoice or receipt. The distributor should then provide service to the customer/s, and Fenix will support backup for this service.

The free warranty does not cover any damages or failure caused by:

(1) Normal wear
(2) Rough operation
(3) Battery leakage
(4) Any defects or damages caused by the improper operations include but not limited to the operation which doesn't comply with the warranty or notes shown in the product specification. For example, the product specification will describe that please don't disassemble the sealed head, as doing so can damage the flashlight and will void the warranty.
(5) Any defects or damage led by other behaviors which can not be controlled by Fenix reasonably.

For any problems/suggestions, please email our Customer Service Department:
